Public Submission by Marta Barake.

Hi I'm Marta and I am a Allied Health Pracabdioner.  
It is essential that we provide healthcare to babies born alive during abortions. All Australians not matter their age should have the right to healthcare even if the child is born to parents who don't want him this shouldn't take away the child's rights!  
Protecting the most vulnerable is a fundamental responsibility of the government.  
Please pabcd this bill and allow children access to their God given right as human beings not to be left dying because they are not wanted by their parents. There are many other women who can't have children and would love to adopt them if given the chance.  
I urge once again to please pabcd this important live giving legislation.

Sincerely, Marta Barake
