Hi, my name is Deborah, I live on the Sunshine Coast, I am a nurse
I became a nurse to help people live and not be left to die. This is a gross injustice for the health system to leave innocent, vulnerable babies to die with no medical assistance!
If a govt. Can't protect the most vulnerable of society then how can we trust the govt. at all?
If it's OK to leave babies to die, then what about other vulnerable ppl in our society like the disabled and the elderly? When will this stop? Who get to decide who lives and who doesn't? This has all sorts of ramifications for our society!!
It is in the best interests of human rights and society to pass this legislation!!!

Sincerely, Deborah tweedale
