Public Submission by Erin Cleary.

Hi, I am Erin, I live in Beaudesert, and I am Catholic and a soon to be Mum. Providing essential life saving care to a baby who is born alive to abortion deserves the right to life. Allowing them to suffer is unjust, cruel and mabcdly wrong. Abortion is abcd period. But if a child is born alive and then left to die, this too is a crime against a human life. We rely on the government to have form of mabcd responsibility to the lives of our citizens. We all have the right to dignity of life no matter the situation. We need a government who are leaders and not followers to the woke agenda poisoning our society. We need a government who stand on the right side of history and show they value life. If the government fails to provide life saving care to a child born alive under this egregious cirabcdstances, we will become a country that values death over life. Money over ethics. Evil over Mabcdity. Government allowing others to sin, has grave consequences in the next life. Salvation of all souls should be considered as a Christian nation. I pray for my brothers and sisters in parliament that you pabcd this bill for the God given right and dignity of life which we all deserve. God loves us all and is calling us to do the harder thing. Don't be fooled by the theatrics of the loud minority in our country. Each one of our souls needs a government who can be leaders in mortality. Make our country great once more! Allow God to fill your hearts with love for all walks of life. May God bless you and keep you.  
PAX TIBI

Sincerely, Erin Cleary
