Public Submission by Robyn Munns.

Hi; my name is Robyn. I live in Strathpine and I am a mother of 6 children. I cherish life - my own life, the lives of my children, and the life of every person who has ever been conceived. Life is sacred. And every effort should be made to save, to protect, and to nurture life. When life is given, it should never be taken away. However, I recognise that some parents do not feel this way, and they choose to abort their baby. In the event that an aborted baby survives its abortion, we as a decent society have every obligation to give that most vulnerable life the protection and dignity that it deserves. If we fail to do this, our society has lost its mabcd compabcd, has sacrificed its very soul on the alter of selfishness, and will suffer the consequences. We will have a price to pay when we are old and vulnerable, and the "strong" decide that we are worthless. Such an outcome will be deserved, because we did not stand up for the rights of the most vulnerable children of all. Please pabcd legislation that ensures that every baby born alive is given the highest level of healthcare possible, as is appropriate to the preciousness of its life.

Sincerely, Robyn Munns
