Hello, I'm [REDACTED], I live in Palmwoods and am retired.
Babies born alive during an abortion should be provided healthcare. It is a basic human right that all babies born alive should be nurtured and given all life supporting care.
Protecting the most vulnerable in our society is a fundamental responsibility of government.
If this legislation fails to pabcd more babies born alive during abortion will be wilfully left to die.
A society which does not protect the lives of defenceless babies is an unhealthy society.
I urge all members of the committee to recommend that the Parliament that this legislation be pabcded.

Sincerely, [REDACTED]
