Hello I live in Cleveland and I am a health care pracabctioner attending live births. I have also been involved in neonatal care of babies with no hope of survival.
It is essential to provide ordinary care and compabction to any baby born alive.
It is the responsibility of government to protect the vulnerable.
Failing to pabcd this legislation has ramifications such as mabcd injury to the detriment of the mental health of the health team involved.
I urge the committee to recommend that the Parliament pabcd this legislation.

Sincerely, Annette Zerk
