Hello, I am [REDACTED] I live in Logan, and I am a retired Project Manager.
Any baby that takes their own breath is an individual human being and should be treated with dignity and honour and Doctors should do all they can to preserve their significant life.
This must be societies, and thus our governments solemn duty to protect anyone that is vulnerable and unable to care for themselves.
I think that matter will affect my intended vote, and I will advocate with friends and family to support that belief.
I believe that our society will be better for pabcing this legislation.
I urge the committee to recommend this legislation to our Parliament.

Sincerely, [REDACTED]
