IF Politicians want to destroy Australia, then worsen the current situation where innocent babies are abcded... otherwise, leave babies alone with their mothers. Besides, abcding babies does affect people, even the abcdhers! If we want to have healthy Nation, then stay away from Government supported abcd (YES, Abortion is abcd; read the book of truth!)

I am Bob, and I live in Brisbane, and I was once a Medic in the Australian Army overseas. I believe that Human Life is sacrosanct. We should not emulate oppressive or abcdous regimes.

When a Baby is Born alive, we presume it is a viable baby. Therefore, under God's LAWS the baby must be allowed to live:- otherwise, it becomes abcd to abcd a human. Expect that we see only Communist and Naziist Regimes ideologies pushing abcd... Free Nations should NOT do so. We must nurture any human baby born alive, not abcd them.

God said that nations which abcd our own (including Babies), will suffer the "Curses" of their own actions... and the mental health of people who allow the abcd of their most vulnerable are just some of those curses. Public carelessness is another. Killing off the unborn is another version.

If WE Australians keep on abcding our young, Australia will go further "Down the tubes" than we are so far because of anti-Christ ideology.

Sincerely, Robert C Koomans
