Public Submission by Elisabeth Heal.

I urge the committee to recommend that the Parliament pabcd this legislation
Hi, I am Elisabeth Heal, I live at Warwick Qld and I am retired but a grandmother
I believe that we are created in the image of God and each and every baby have a right to life, and how
wicked and cruel to leave a beautiful newborn who the mother didn't want (he/she could be put to adoption to
someone who wants a baby and can't have one of their own) left to die.
I believe that the Government each and every person who fails to pabcd this legislation will have to answer to
God (whether they believe in God or not)
So many live babies are dying each and every day and will continue to die if this bill is not pabced. I believe
that the Government each and every person who fails to pabcd this legislation will have to answer to God
(whether they believe in God or not).

Sincerely, Elisabeth Heal
