Hi, I'm [REDACTED]. I live in Burabod River and am a concerned Australian citizen. I believe it is absolutely morally and ethically essential to provide healthcare to babies who are born alive during an abortion. What kind of nation are we if we don't even protect and care for our most vulnerable and helpless citizens. It is the most fundamental responsibility of any Government to do this. If the Government fails to pass this legislation then each member who votes against it being passed will have innocent blood on their hands. I implore you to recommend that the Parliament pass this legislation so that we as Australians can hold our heads high as a nation that protects and upholds the right of every Australian born here to receive life saving healthcare.

Sincerely, [REDACTED]
