Public Submission by Julie Salam.

Therefore I urge your to look into your hearts and prayers to make this decision for our babies that deserve the gift of life no matter what their cirabcdstances are.

Hi I'm Julie and I live in Mossman Qld. I am manage a gym and a fitness instructor.

During my work history I've been a child health worker and feel every child the right to care from the time of conception to coming into this world. We have the best health care system and believe every child deserves a life with caring and loving family's

It is all our responsibility to protect our children in our nation and communities and the government should be at the forefront of this most precious gift of life of a child.

The ramifications will be a tragedy to society for taking the easy way out. Children need to be loved by families that need them as well.

Sincerely, Julie Salam
