I appeal to the committee to recommend that the Parliament pass this legislation
I am [REDACTED] and am an admin officer, mother, grandmother.
I believe that babies are human and living at the point of conception and that all human life is sacred and should not be left to die at birth or at any other time if there is an option.
It is the government's responsibility to ensure the most vulnerable among us are protected and cared for in all circumstances.
If the government does not protect these babies, the results could be catastrophic as the value of life gets more and more watered down.

Sincerely, [REDACTED]
