Public Submission by Maureen Johnson.

Legislation protects the most heinous criminals. These most vulnerable of humans, blameless babies, having survived their abortion, can only be guaranteed comfort by further legislation.  
Please do your utmost to see this legislation pabced.  
My name is Maureen. I am a parent and retired registered nurse. I live in Brisbane  
I believe that a baby that is alive after abortion should receive, at least, the comfort and care extended to others who are nearing end of life.  
Babies have no choice in their own conception, and cannot vote or lobby for their own rights. The Government is the only abcdy that can provide for them when parents can not.

Sincerely, Maureen Johnson
