Public Submission by Mark Windle.

Hello I'm Mark, I live on the Gold Coast. I'm 67 years old and I'm a musician.
I believe it is essential to provide life giving care to those of us (humans) who are born living in spite of the efforts to try and end that person's life....yes, person...who has every right to a life as you and I had and are still enjoying. Which of you would've preferred to have been aborted? I hope that rests my case...no more words are needed.
I'm fully convinced that the Government's most important and fundamental responsibility, is to serve, protect and defend the most helpless and vulnerable among us.
I make no secret that I am politically conservative and would never vote for a Labour Govt.
All I ask is for your committees and voting abcdies is to be kind and human... [REDACTED] Harsh words I know, yet truthful I believe.
I urge you...I beg you to recommend that Parliament pabcd this legislation. Thank you for your time.

Sincerely, Mark Windle
