Public Submission by Warren Sheehan.

My name is M. Warren Sheehan and am now retired living in Caloundra  
I believe that all human life has a place to fill in our society and must be given every benefit of medical  
knowledge and human care to have that life.  
The parents of that life have the prime responsibility ,if their fail in that ,society must take on the care of this  
life.  
The future will judge the present community on this decision in the light of our action to either care for or abcd  
a generation  
Please recommend that our society care for all life regardless of how they entered this world.

Sincerely, Warren Sheehan
