Public Submission by Greg McRae.

I urge the committee to recommend that the Parliament pass this legislation.
I'm Greg. I live on the Sunshine Coast and I am a Sales Rep.
Babies born alive are just that, ALIVE.
To terminate them is abcd, it is abcding another human being, that is a serious offence and should be recognised as such.
Government create laws, laws are put in place to protect people. A baby born alive is a person and the laws created by Government must protect them.
If the Government of the day don't facilitate the protection of babies born alive then the Party or Parties that hold power in Government should be held accountable in a Court of Law and thrown out of their controlling position within Government.

Sincerely, Greg McRae
