Public Submission by Rachel Jordan.

Hello, my name is Rachel Jordan, I live in Qld, and am a retired midwife.
Babies are viable at that age and should not be aborted, let alone left to die when they are very much alive.
With the downturn in babies born, people wanting to adopt who cannot become pregnant etc., it is not right to remove the baby's right to life, just because it suits the mother to have an abortion. The child DOES have a right to life.
The Governments responsibility is to preserve life, no take it, nor put that onus on anyone else. Doctors have also signed an Hippocratic oath to save life.
Please recommend that Parliament pabcd this legislation on the saving of live, aborted babies.

Sincerely, Rachel Jordan
