Only a barbaric government would fail to pass this amendment so I am confident that no more children will be left to die in this country.

My name is [REDACTED] and [REDACTED] where I have retired from teaching.

I believe it is essential as a first world, compassionate nation, that any baby born alive during an abortion should receive proper medical care and comfort even if they are only to live a short time.

We should expect this from our government as a fundamental responsibility to tiny citizens who can't speak for themselves.

Sincerely, [REDACTED]
