Public Submission by Vivienne Mohr.

I implore you to make every effort to ensure that babies born alive from an abortion get this critical medical aid. Hi, I'm Vivienne and I am a concerned mother and grandmother. I had a premature baby who needed a humidicrib. A baby is a live human being. I cringe at the thought of a live baby being refused medical aid when it is fighting to live. Every life deserves necessary medical aid. There are many people who would adopt an unwanted baby and be enriched by its life. The Australian Government should be making provision for this to happen. It is part of the Hippocratic oath,

Sincerely, Vivienne Mohr
