Protecting the most vulnerable among us is the most fundamental responsibility of the Government. Why will you not act? What are you afraid of?

Be the Government that protects children from being Murdered inside and outside of the womb of a mother. Be a PRO LIFE Government. Why are you afraid to be PRO LIFE? How can anyone trust a Government that legalizes the Murder of the country's children?

I urge you to recommend that the Parliament pass this legislation.

Hi, I'm [REDACTED] and [REDACTED] and work in the healthcare Industry.

Abortions are bad as it is the willful act of another to terminate a life. It is truly a criminal act to bad the innocent. When God's laws are broken there are dreadful consequences, you just have to look at China. If a child of bad is born alive, it should at least have the same rights as any child born alive. Billions of dollars are spent on keeping babies alive that have been born with major health/congenital conditions that most probably would not have survived without intervention. The only difference between these babies and the babies of bad is that the parents wanted that child. Have pity on these poor children whose parents for one reason or another want to implore means to bad their children. Be the Government that protects them. Really, this would not even be an issue if the Government did the right thing in the first place and criminalized abortion with the highest penalty!

Sincerely, [REDACTED]
