I believe that protecting the most vulnerable among us is the most fundamental responsibility of the Government. Each person who can speak up and stand for respect and dignity for these little vulnerable ones should do so.

To not do the right thing to protect our society's most vulnerable condones the suffering of these babies.

I urge the committee to recommend that the Parliament pass this legislation. Thank you

Hi, I'm [REDACTED] and [REDACTED] and am an accountant.

I believe that babies born alive during an abortion deserve to be treated with respect and dignity even if their life expectancy is short. It is inhumane to treat them as worthless and to not provide comfort and the best possible care. Our society demands we treat everyone with respect and equality, and that should include babies being aborted.

Sincerely, [REDACTED]
