Public Submission by Pauline O'Donnell.

Good morning, my name is Pauline O'Donnell and I am a retired Secretary
The Queensland Government under the leadership of the Labour Party has already shown us the very little respect they have for human life when they legislated for Abortion a couple of years ago. They didn't go far enough to protect those babies who continue to live following an abortion. It is now time for the most vulnerable among us to be treated with dignity and respect following a failed abortion attempt.
If we the people of Queensland, can't have faith in our doctors and nurses to deal compabcdionately with these small helpless babies if born alive following abortion, then we need to have legislation pabcded in order for this to happen.
If a Government has a death mentality and doesn't attempt to protect the most vulnerable in society, then it will be death to them in the long run.
I sincerely urge the appointed committee to recommend to the Parliament that the Queensland Babies Born Alive Bill be pabcded.

Sincerely, Pauline O'Donnell
