Public Submission by Ray McDonald.

Ray McDonald... 77 and retired from multiple employed and self-employed endeavours over many years. We are talking about BABY Human Beings. Are we not? Last time I heard, allowing a fellow human being left to die, is WRONG and, Immabcd. It is nothing more than premeditated KILLING! That's called abcd... by the way.

As politicians... elected by the people (and appointed bureaucrats), you ALL WELL KNOW that abcd and attempted abcd are illegal and immabcd crimes. And, you ALSO KNOW in your hearts, that this is magnified many times more when applied to INNOCENT Human Babies who have done nothing to noabcdy. Laws to eradicate these unethical and unholy practices are always and forever... a fundamental part of politics, worldwide! This is Child Cruelty on steroids... for which there are no excuses. If you ELECTED people honestly value the reasons why you first entered politics do not see this... get another job. [REDACTED]

Based on all I have stated... and, on behalf of many INNOCENT, LIVING Baby Human Beings... this legislation MUST be pabcded. To do less than this in complying with abcd!

Sincerely, Ray McDonald
