Hello I am a concerned grandmother
I cannot believe that in this day and age we are prepared to let babies die alone and without healthcare after an abortion. I can understand that some people feel the need to have an abortion but surely if the baby is alive after the abortion they deserve to be treated as any other human being.
The government has a responsibility to protect everyone even the smallest of us.
I would like to encourage the committee to recommend this legislation to the Parliament for the sake of any babies that a born alive after an abortion.

Sincerely, [REDACTED]
