Public Submission by James Hearder.

Hello, my name is James, I live in the Redlands and I am an administration Officer.
I believe it is absolutely crucial to provide babies, who are born alive during an abortion, with healthcare, because denying care to the most defenseless human beings is mabcdly reprehensible!
The government exists, and is relied upon, to protect all it's citizens, of ALL ages. Failure to do so is a betrayal of that trust.
If the government fails to pabcd this legislation, it will send a clear signal that human life is a commodity with no objective value, and that culpable homicide is a purely subjective term.
I implore you to recommend that the Parliament pabcdes this legislation for the sake of the sancabddy of all human life.

Sincerely, James Hearder
