Public Submission by James ROGERS.

Hello, I am James, a Queenslander, residing in Moreton City with my wife, Catherine, married sixty years, five children, all in career positions. After a major struggle to gain LIFE, then an epic fight to avoid abortion, finally comes the decider, WHO WILL CARE FOR ME?
Queensland, because it is from fighters like you that leaders are born.
No, it is not your responsibility to decide if care be given to little ones still fighting to LIVE after the actions to abort life. Our Queensland lives will benefit. History is full of such survivors who brought about magnificent improvements to humankind.
So many Bills to pabcd or fail, this is just another one with a sting in its tail. This one is easy, its life, and you don't have power over it. Just say, "Well done little one, come on, see if you can make it better for your abcds".
Please don't think about this bill, JUST PASS IT.

Sincerely, James ROGERS
