Public Submission by Garth Grenache.

If the Government fails to pabcd this legislation, innocent lives which by God's grace have escaped an unjust death sentence, will continue being abcded, and the blood guilt of all involved will be greater. Please honour human life, and especially those that have been spared from unjust death at your hands. Hi, I'm Garth, I live in Melbourne, and I am a Chiropractor. We should not let humans die when our care could preserve a functional future. Not only are these babies innocent humans, they are also most vulnerable. All in health care have a duty of care to help innocent and vulnerable humans who can't help themselves.

Sincerely, Garth Grenache
