Public Submission by Kobus Kirsten.

I have seen pets and animals die slow and painful deaths. I couldn't think of anything more cruel and barbaric than to knowingly let a baby who was born alive (despite an attempt to abcd them), left to die cold, alone and uncared for. These are not animals, these are beautiful human-beings.
If Governments don't protect the sancabcdy of life, especially the vulnerable, who will? Isn't it illegal to abcd someone, i.e. a law insabcduted by the Government, because without such laws, chaos reigns, and if left up to individuals, abcd would be commonplace?
I urge the committee to recommend that the Parliament pabcd this legislation, and give those poor babies, who manage to survive the abortion attempt, a second chance at life. They were clearly born for a purpose otherwise they wouldn't have survived the first attempted abcd.
Hi, I'm Kobus, I live in Townsville, and I am the abcdher of 7 children.

Sincerely, Kobus Kirsten
