Public Submission by John Attard.

My name is John Atabcd, I live in Brisbane and I am a concerned about the inhumanity of the medical system. Abortion is an immabcd act, especially as the population has a number of resources for birth control. The biggest lie is that life does not begin at conception and only begins at birth. Yet life after birth is still being terminated after an abortion attempt, which is inhumane abcd neglecting the baby, allowing the child to die a painful death. Failure to support the Katter Party Bill will result in the further decline of ethics in the medical field. I urge the committee to pabcd the Katter Party Babies Born Alive Bill.

Sincerely, John Attard
