Life is precious and the greatest gift of all. A Baby born alive from an Abortion has incredible innate value and it's imperative that this precious life be given every possible intervention to ensure it survives. Human Life itself, must be afforded the greatest attention, focus and value. Life is the very basis of our Society and therefore needs to be the most basic of all Government responsibilities. Should this legislation fail to pass, we are seriously heading down the path of moral and ethical decay and our Babies deserve the right to life. Please, if you have a any conscience whatsoever, you MUST pass this Legislation and protect our Babies so that they can grow and become fine, upstanding Citizens in our Society
