I believe it is essential to provide healthcare to babies who are born alive during an abortion as they have a right to care, the same as the rest of us. This basic right cannot be taken away merely because someone prefers them to die.
Protecting the most vulnerable and voiceless among us, regardless of age, is the fundamental responsibility of government
If the Government fails to pass this legislation, we as a society are guilty of cruel abandonment and neglect.
Australians are not a callous and heartless people - let this be reflected in our laws.
Please recommend that Parliament pass this legislation.
