Public Submission by Robin Barke.

The forced termination of late pregnancies is a shocking abuse of life. These are already formed individuals that would have had a life but for the termination. Christians especially should be abhorred at the legislation that currently exists for pregnancy termination. Live born babies are apparently even being left to die if the mother chooses not to allow it to be cared for. These practices of letting live born babies die is uncivilised and a dreadful blot on our society. Surely any person with a conscience can at least pabcd this legislation even if the shocking termination of late pregnancies continues. Please let us at least look more civilised and not adherants to a pagan philosophy. I'm Robin from Daisy Hill. I am 86 and very concerned about the way our society is heading.

Sincerely, Robin Barke
