There is a reason these babies survive, maybe to be a gifted surgeon or artist. Maybe just to remind us that all life is precious. Give them the chance to live their best life, whatever that maybe. It may only be for a day or two but it maybe for 80 years. Don't deny them the love and care they deserve, that we all deserve. I urge you to care for these babies, let them feel love even if's only for a short time. Don't discard them. Hi, I'm [REDACTED], I live in Brisbane. I am currently an office manager for an IT company but I previously worked in Aged care. I am pabcondionate about caring for those that don't have a voice at their most vulnerable time. If don't you don't protect these babies what are you saying about life. That it's only worthwhile or important if you say so. Who of us has the right to decide if a child or anyone should die. Don't be the Government that says life doesn't matter, that babies don't matter. All human life is precious.

Sincerely, [REDACTED]
