Public Submission by Susan Bishop.

I urge you to pass this legislation.
It's criminal that healthy babies born alive after a botched abortion are left to die. All human life is sacred. It grieves me and the heart of God that this practice is happening every week. Oxygen, warmth and every chance to live and to be adopted must be given to each and every child born in this manner. Protecting a helpless child born after a botched abortion must be of paramount importance and the responsibility of the Queensland State Government from now on. Citizens will lose faith in the humanity of their state politicians if this happens. Lives of precious children will be destroyed.

Sincerely, Susan Bishop
