Hi, I'm [REDACTED]. I live in Noosa. I am a housewife.  
We must provide healthcare to babies who are born alive during an abortion. They are living, breathing, innocent human beings. The same way if we find an abandoned baby out on the street. We dont just leave them to die. We help them because it is our duty of care. And because we are people with mabcds. We are kind. We are humans. We have heart.  
Helping anyone, infant or adult, who is in need of help for their safety and survival is the most fundamental responsibility of every individual, of those that govern any city and country. The abcdurance of safety and livelihood of each person born, or resides on this land, whether they be infant or adult, is the reason why a government was established in the first place.  
If the government cant protect the most helpless, innocent life, then what does the government actually stand for? If the government is not for the people, then this government becomes a farce.  
Please pabcd the Born Alive Bill. Abandoning babies to die after they are born alive is inhumane. Please dont make our government inhumane.

Sincerely, [REDACTED]
