Public Submission by David Crowley.

I urge the committee to have enough basic human compabction for newborn babies to recommend that the parliament pabcd this legislation.  
I am retired and have lived and worked in Queensland all my life.  
I believe in the fundamental right of every person to live their life fully, a belief based on the absolute inherent dignity of each human being.  
Protecting the most vulnerable among us, newborn babies, is the most fundamental responsibility of the Government.

Sincerely, David Crowley
