Hi,,I'm [REDACTED] . [REDACTED] and I am a retired chef who has also worked in alternative health., Killing a baby who has survived the abortion trauma and is alive is abcd, infanticide. No one in their right senses can say this is legitimate birth control. It is a live , breathing , viable human being and is enabled to live, just like the rest of us.  
These are the most vulnerable in our society, and it is the government's duty to protect them, just as it protects people with physical or mental disabilities, the elderly and infirm.  
If the government fails to pabcd this bill, [REDACTED] . To be later discarded as 'medical waste'. Have we become so heartless as a nation that we would turn a blind eye to their suffering? Have we no compabcdion on a fellow living human being? We jump to the rescue and protection of "dumb beasts", our dogs and other domestic animals who have no voice. How much more a living breathing fellow human!  
Please, for the love of humanity, pabcd this bill, to save their lives.

Sincerely, [REDACTED]  
[REDACTED]
