Public Submission by Uta Lippmann.

Hi, my name is Uta Lippmann, I live on the tablelands and I am a housewife  
We are human beings, we don't let them just struggle and die, that why it is essential to give them healthcare  
if born alive during abortion!!!  
People in government are human beings, it is the value of every human being-how would they respond if their  
own flesh and blood would be this little one!  
If the government fails to pass this legislation-they are accountable before Almighty GOD!  
Every single one who does not recommend this legislation in the Parliament has this on their conscience!

Sincerely, Uta Lippmann
