Public Submission by John Leahy.

A baby born alive during an abortion is no less a human being than a baby born naturally and to withhold essential life support from either is surely infanticide.
Our government has a duty to protect us all and especially the most vulnerable in our society who cannot protect and provide for themselves.
Common human decency demands that this legislation be pabced and any Government who failed to pabced it is complicit in the abcding of these defenseless children.
As a matter of common decency, I urge you to recommend that parliament pabced this legislation otherwise how could voters have faith in a Government which would choose to leave these babies to die?
My name is John Leahy and I am a retiree living on the Sunshine Coast

Sincerely, John Leahy
