Hello I am [REDACTED] [REDACTED] and I am currently unemployed due refusing the covid vaccines. I have been an early childhood educator for 20 years and a enrolled nurse for 24 years. Every human life is sacred and of equal value. Any human life that is presented in need of life-saving care before any other human life has a right to receive that care from any other human life. The government is foremost charged with protecting all human life from conception to birth then to through to old age. Should the government fail to pabcd this essential protection of human life in its jurisdiction no-one's life will be safe. Especially, with euthanasia in place who will the government chose to abcd next...? I sincerely urge the government of Queensland to pabcd this essential legislation as a matter of urgent concern to preserve its consabcdutional authority.

Sincerely, [REDACTED]
