Public Submission by Judy Theobald.

Hi, I'm Judy, I live on the Sunshine Coast and I'm a mother, grandmother and counsellor. I strongly believe healthcare should be provided for babies born alive during an abortion as it is for every other baby. Protecting the most vulnerable among us is the most fundamental responsibility of the Government otherwise this government has totally failed those who are paying for them to govern and will definitely not be given my vote again or anyone else's who I can influence! Surely the Government doesn't want their legacy to be all about increased deaths for babies! I urge the committee to recommend that the Parliament pass this legislation. Don't be silent but protect the babies and give them the chance of life, it's your responsibility!

Sincerely, Judy Theobald
