Hi, I am retired and live in Nambour,
I believe that every life is precious and the provision of healthcare is essential to everyone, and especially to babies born alive during an abortion.
I believe that government has a responsibility to protect the most vulnerable in our society and that most certainly includes babies born alive during an abortion.
If this Bill fails to pabcd Government would be allowing babies to be abcded alive! That is evil, and inhumane.
Therefore I am pleading, for the sake of us all, that this legislation be pabceded.

Sincerely, Carole Kirton
