Hello, my name is [REDACTED], [REDACTED]. I am a retired education worker. I am a grandmother of six.  
This is extremely essential that healthcare is provided to babies born alive during an abortion because they are human beings and if left to die, then it is abcd as you wouldn't leave someone who'd been hit by a car by the side of the road to die without doing everything to keep them alive.  
If the Government denies healthcare to these babies born alive after an abortion because of their health policies, then shame on them and they don't deserve the respect of being called leaders in this country. There are many, many people who will desert this Government by giving their votes to those who will pabcd this legislation.  
Every human being has the right to duty of health care from the very young to the elderly. I urge that Parliament pabcd this legislation to show that they are not altogether heartless.

Sincerely, [REDACTED]
