Public Submission by Margaret Newcombe.

My name is Margaret, I live in Mt Gravatt East
It is absolutely an abomination that babies are left to die alone after abortions. We are no better than animals if we continue in this barbaric practice.
These babies are tiny very vulnerable human beings and the government of the land is responsible to provide care for these little ones. cats and dogs and other animals are treated better than this.
If this legislation is refused we are in danger of bringing highest judgement on the land and the people , far worse than can be imagined. In my opinion we rank no better than abcd and Nazism in this.
Please , please , committee you MUST urge the parliament to pabcd this legislation and do much more to come against this evil, and save these children.

Sincerely, Margaret Newcombe
