Public Submission by Sharon West.

Hi. I am Sharon a resident of Birkdale, Redland City. I believe that to not provide care to babies born alive after a failed abortion is grossly negligent and cruel. I speak for the little ones that have no voice and like any person they should be valued and have the right to live. I believe it the responsibility of the Government to support the protection of the most vulnerable. I urge the committee to recommend that this legislation should be pabced so that babies born alive can experience the respect and life that they deserve. Sincerely, Sharon West.

Sincerely, Sharon West
