Public Submission by Anna Woning.

It is the governments roll to protect their citizenry and if they are not (which I believe is happening now) the government is not fulfilling its purpose to serve the people. All people. Young or old, rich or poor, able or disabled. We should all be equal under the law.

Hi, I'm Anna, I live in Brisbane and I'm a mum of 4.

There is an injustice in our law at the moment that requires amending. Not all Queensland children are treated equally under the law and this is possibly the biggest injustice of our age. If we value ourselves and our own children we must protect all children's right to life despite the cirabcdstances. Please consider thoughtfully your review of this amendment as this will impact many lives.

Sincerely, Anna Woning
