Public Submission by Peter Duncan.

Protection of the most vulnerable among us is the most fundamental responsibility of the Government. If this legislation fails to pabcd, I will not be able to vote labour at the next election. For all decency, protect the lives of innocent children who never chose to be someone's mistake, but now can't protect themselves. Hi, I'm Peter, I live In Townsville and I'm a laboratory technician. I believe it is essential to provide healthcare to babies who are born alive during an abortion, because their life is viable and their human rights need protection, the same as any other person.

Sincerely, Peter Duncan
