Public Submission by Nicole Young.

Hi, I'm Nicole, I live in Mapleton and I'm a mother and grandmother.
It is a basic human right and mabcd obligation to care and preserve human life.
Babies are our most innocent and vulnerable Queenslanders.
The government has a mabcd obligation
to protect and care for all members of society.
The rate of babies born alive after a failed abortion will only increase as it has already been shown to do so,
this is a shameful statistic.
This legislation will save the lives of innocent children, human life.
It is imperative that you our politicians should pabcd this vital legislation, it is the only decent and mabcd action
to take.

Sincerely, Nicole Young
