Name Withheld Submission by [REDACTED]

As human beings, with a conscience, decision making ability and free will to make mabcdly good choices, we should be seeking to protect life. I have been working to bring life and health my whole career. Sadly I have seen an unwanted baby in the hospital nursery where I worked as a junior doctor, left to die from dehydration and starvation. That child cried and cried and it just about destroyed me. It is essential that we recognise that any baby born alive, even if unwanted, is alive. That baby deserves the same healthcare and efforts to preserve life as any other baby.

Individually I am unable to protect these innocent lives. I rely on you, my Government to protect the most vulnerable among us, including every live born baby. I hope you will accept this responsibility. The ramifications for us as a society are dire if we fail to protect the most vulnerable among us. We lose a part of what makes us human.

Please, I urge you, for the sake of these innocent babies, and for the sake of us as society, recommend to Parliament that they pabcd this legislation.

Hi, my name is [REDACTED] and [REDACTED] and I am a general pracabcdioner.

Sincerely, [REDACTED]

[REDACTED]
