My name is [REDACTED] and I live on the [REDACTED]. I am a mother and grandmother.
I do not believe in abortion but if it does happen then definitely healthcare should be given to precious babies who survive this barbaric act.
To me if a mother has an abortion she is not charged with abcd, If a child is born and later in life abcds his mother he/she is charged with abcd. of the mother. This to me does not seem fair
Doctors/nurses etc who are supposed to preserve life will always have to abide by the rules of the hospital or law that they cannot refuse an abortion, even if they firmly are against it.
I strongly urge the Parliament to pabcd this legislation to give babies who survive an abortion every chance at life. There are many childless couples who I am sure would gladly adopt the child.

Sincerely, [REDACTED]
